

Ozone Monitoring Trends Corpus Christi, Texas 2007

The attached charts provide the latest look at ozone monitoring results.

Attainment with the standard requires that the green line stay below the red line. Note that the green line has been trending down so that there is a larger comfort zone below the standard.

Note that for the past three years, there has not been a single day when the ozone levels exceeded the standard.

CORPUS CHRISTI FOUR HIGHEST OZONE DAYS
TCEQ MONITOR C21 (9860 La Branch)

CORPUS CHRISTI FOUR HIGHEST OZONE DAYS
TCEQ MONITOR C4 (902 Airport Blvd)
